Showcased innovative solutions and
technical expertise by participating in
a prestigious state-level project
presentation at Velammal College of
Engineering.

Volunteer
Spearheaded the "National Science
Day Quiz Contest" as a dedicated
volunteer, driving engagement and
fostering scientific curiosity.

Job Description

I'm a python fullstack developer who enjoys building reliable, scalable, and efficient systems using Python (Django, Flask). I love working with SQL and NoSQL databases, creating clean APIs, solving complex logic, and bringing ideas to life behind the scenes to ensure apps run smoothly and securely.
