## Profiles

 Naresh Kumar

 Naresh Kumar C

## Job Description

I'm a python fullstack developer who enjoys building reliable, scalable, and efficient systems using Python (Django, Flask). I love working with SQL and NoSQL databases, creating clean APIs, solving complex logic, and bringing ideas to life behind the scenes to ensure apps run smoothly and securely.

## Qualification

### KLN college of engineering,Sivagangai

Year of passing - 2025

B.E,Electronics and Communications Engineering

7.57

### V.H.N.Higher Secondary School,Madurai

HSC

86.06

### Tagore Vidyalayam Matriculation School,Madurai

SSLC

80.4

## Projects

### Flexible Meta-Patch Antenna Array

A flexible  $4 \times 4$  metasurface patch antenna operating at 2.5 GHz is designed using textile materials to enhance gain, bandwidth, and efficiency.

### Brand Garage

Brand Garage is a car model project to add and manage car details. It shows brand, model, and specs neatly. Simple, smart, and user-friendly design.

## Personal Traits

### Proactive Planning

### Adaptability

### Time Optimization

### Goal-Oriented
